# Changes in Visual COBOL 6.0 Personal Edition

Personal Edition licensing is offered with the following products in release 6.0 - Visual COBOL for Visual Studio 2019, Visual COBOL for Eclipse (Windows) and Visual COBOL for Eclipse (UNIX).

The registration for Personal Edition licensing has been simplified. Instead of using a registration form inside the IDE (Visual Studio or Eclipse) to enter your email address, you now register for a Personal Edition license from the [Visual COBOL Personal Edition page](#) on the Micro Focus Web site. You will receive an email with your download and the authorization code for Personal Edition. See the licensing instructions in the release notes and in your product help.
